

## **Bucket Hugger Optional Mounting Instructions**

### **Handle Attachment (Removable):**

You may secure your new Kolpin ATV Luggage to your ATV by attaching bungee cords or ratchet straps to the Bucket Hugger handles and then to your ATV. For permanent attachment, we have enclosed a hardware kit.

### **Hardware Attachment (Permanent):**

Hardware is to be chosen by what type of ATV rack being attached to. Additional holes may need to be drilled out on the bottom of the Bucket Hugger for installation. Slots on the bottom of the Bucket Hugger have been provided for locating the new holes. Once you have chosen your hole pattern, simply attach the Bucket Hugger with the provided hardware.

#### Hardware Pack Includes:

- 4 Plastic Cross Braces
- 4 Metal Braces
- 8 3 1/2" x 1/4" bolt
- 8 Nylock Nuts

1. Check your hardware pack to make sure all components are included.
2. Position the Kolpin Bucket Hugger in the desired position on the rack of the ATV.
3. Place the plastic cross braces with nut inside, under the rack and attach using the bolts and the metal braces.
